---

**Receive a Japanese high school diploma  
while studying in your native country.  
Study at a Japanese university and have  
a successful future.**

A collaborative education between local schools around the world and Namikigakuin High School in Japan.  
Base your studies at your local school, and receive a Japanese high school diploma.  
Plus, benefit from entering a Japanese university and expand your potential to play a role in global society.

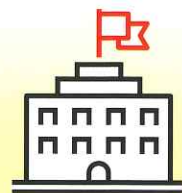

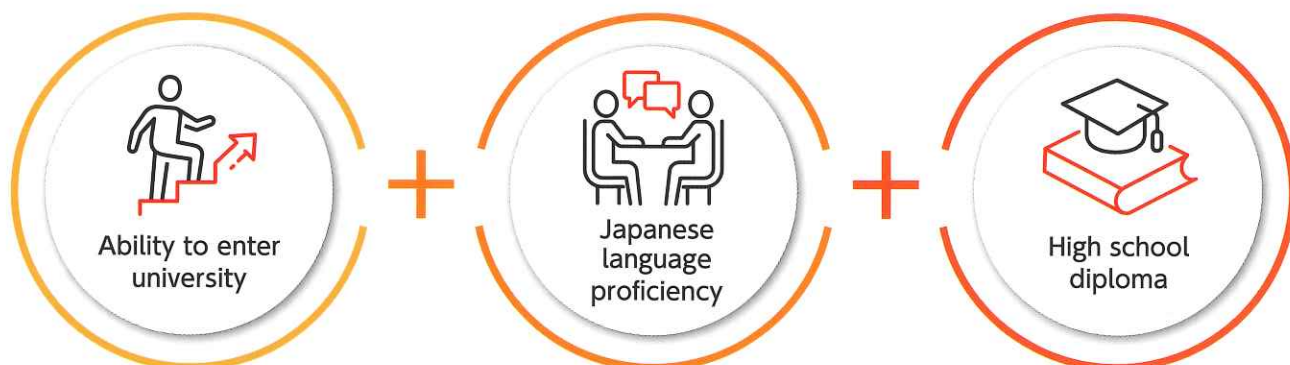

## This is what is special about the Kake Global Education Program!

- 1 Students develop an early awareness of studying abroad in Japan, and can easily achieve advanced Japanese language proficiency.
- 2 On twice-yearly short exchanges (schooling), students can experience Japanese culture and customs, and develop a greater awareness of studying abroad.
- 3 Students can continue their studies after high school with 100 different courses at Kake Group universities, colleges and vocational schools.
- 4 Students can develop their own dreams for future studies and careers.
